

## Sailing Gear

**Sailing is hard on clothes – so old or 2<sup>nd</sup> hand clothes are fine – it is not a fashion contest.**

Sun Hat and / or Warm Hat

If you have glasses – tie them on

Sun Block – all weathers

Life Jacket (provided by Britannia)

Wind Breaker, Coat or Jacket

Sailing Gloves are nice but are not really needed for scout sailing

A cheap Warehouse wet suit is very useful & Britannia Sea Scouts may have some 2<sup>nd</sup> hand ones available.

Shorts and a wool jersey or polar fleece if you have no wetsuit

Cheap Polyprops under the wetsuit improve warmth and comfort a lot.

Wet suit booties are a luxury, but are nice in cold weather sailing. Otherwise bare feet or reef walkers & socks

**A complete change of clothes to go home in and a towel – Scouts get wet in boats.**

**Plastic bag to take home wet gear**
